

MEET PWGC

We are a team of diverse professionals committed to our client's project goals. PWGC has over 18 years experience in flexible Project Management & Support for the Private & Public Sectors. PWGC specializes in civil/site engineering, water and wastewater engineering, environmental compliance, natural resource management, hazardous/non-hazardous waste consulting, remediation, Brownfields, and energy/sustainability services.

CHOOSE PWGC

Whether your objectives are Planning, Design, or Redevelopment, etc., PWGC solutions are economical and within budget. Our team of 50+ diverse professionals including civil, sanitary, and environmental engineers, hydrogeologists, geologists, and environmental scientists provides the dynamic and flexibility to deliver customized solutions to projects regardless of size, complexity or duration.

THE PWGC DIFFERENCE

What sets us apart is our customized approach to each project, rapport with regulatory agencies and exceptional project management. The PWGC approach has gained an eminent reputation within the industry, as well as with our clients. PWGC features unique assets that translate into additional value for you:

- Exceptional Working Relationships with Regulatory Sector Key Players
- Specialists in Regulatory Agencies' Approval Criteria to facilitate quicker approvals
- Highly Responsive to Budget & Time Constraints to get your project on line faster
- Project Progress Monitoring for Quality Results to better meet your project needs
- 50+ Dedicated Professionals to provide a wide array of services as needed
- Strict Environmental Compliance Standards
- Satisfied Clients in all Market Sectors PWGC Serves

SPEAK TO AN EXPERT TODAY

Make PWGC quality environmental consulting and engineering solutions work for you.

PWGC EXPERTISE

Environmental Compliance & Mgmt

- Air Quality (Title V Permitting, Air Emission Inventories, Tier II & TRI Reporting)
- Air, Water & Soil Sampling/Monitoring
- Articles XI & 12 Hazardous Materials Storage Compliance for Nassau & Suffolk Counties, NY
- Brownfields Redevelopment
- Chemical/Petroleum Bulk Storage Tanks (Permitting, Audits Regulatory/Environmental Compliance Mgmt)
- Facilities Contingency Plan Development/Mgmt (SPCC, SWPPP, FRP)
- Cost Estimating
- Environmental & Health Risk Assessment
- Compliance Review
- Hazardous Waste Mgmt
- NYC E-Designated Sites
- Phase I, Phase II Environmental Site Assessments
- Radiological Emissions
- Regulatory Compliance Reporting
- Stormwater Mgmt
- FAR 139.321 Fire Safety Inspections
- Fuel Storage Facilities & Mobile Fuel Equipment

Energy/Sustainability Solutions

- Geothermal Systems Feasibility Analysis, Design, Permitting and Construction Management
- Carbon Footprint Analysis, Profile & Management
- Power Generation
- Fuel/Alternative Fuels Systems Design, Permitting, Compliance, Construction Management
- Emissions Reduction
- Alternative Fuels Facility Design
- LEED and Green Consulting
- Green Roof/ Solar System Consulting

Expert Counseling/Client Representation

- Expert Testimony, Support & Counsel

Civil/General Engineering

- "Best Economic Alternatives" Evaluation
- Comprehensive Feasibility Studies
- Conservation Plan Development
- Construction Planning, Mgmt, QA/QC
- Drainage Planning, Grading & Design
- Evaluation, Planning & Technical Assistance
- Facility Design & Condition Assessment
- Geothermal Systems Design
- Groundwater Modeling
- OWS Planning & Design
- Property Condition Report (PCR)
- Stormwater Management & Design

Wastewater & Water Supply

- Water Supply/Wastewater (Systems, Planning, Design)
- Groundwater Modeling
- Site/System/Feasibility Evaluation, Planning & Technical Assistance
- Water Conservation Plan Development
- Comprehensive Feasibility Studies

Remediation/Hydrogeology

- Appropriate Alternatives Selection
- Contaminant Fate & Transport Computer Modeling
- Due Diligence, RI/FS, PCR
- Environmental Assessment & Contaminant Source Evaluation
- Environmental Audits (Assess Environmental Liability)
- Remediation Mgmt Investigation, System Selection/Design
- Groundwater Contamination & Modeling
- Hazardous Waste Mgmt
- Risk-Based Approach Solutions
- Site Closure Reports
- UST/AST Mgmt

Geographical Information Systems

- Customized GIS Applications, GIS/CAD Integration
- Database Development, Conversions, Manual Digitizing
