Make PWGC quality environmental consulting and engineering solutions work for you.

PWGC EXPERTISE

Environmental Compliance & Mgmt

Air Quality (Title V Permitting, Air Emission Inventories, Tier II & TRI Reporting)

Air, Water & Soil Sampling/Monitoring

Articles XI & 12 Compliance

Brownfields & Redevelopment

Chemical/Petroleum Bulk Storage Tanks (Permitting, Audits

Regulatory/Environmental Compliance Mgmt)

Facilities Contingency Plan Development/Mgmt (SPCC, SWPPP, FRP)

Cost Estimating

Environmental & Health Risk Assessment

Compliance Review

Hazardous Waste Mgmt

NYC E-Designated Sites

Phase I, Phase II Environmental Site Assessments

Radiological Emissions

Regulatory Compliance Reporting

Site Profiling & Evaluations

Stormwater Mgmt

FAR 139.321 Fire Safety Inspections

Fuel Storage Facilities & Mobile Fuel Equipment

Energy/Sustainability Solutions

Geothermal System Design

Power Generation

Sustainable Treatment & Distribution Systems

Carbon Footprint Analysis, Profile & Mgmt

Fuel/Alternative Fuels Systems (CNG) (Design, Permitting,

Compliance, Construction Mgmt)

Emissions Reduction

Expert Counseling/Client Representation

Expert Testimony, Support & Counsel (Regulatory Liaison, Project Inspection/Owners Representation)

Emergency Response Plan (Red Cross) Chemical/Biological, Security

Civil/General/Environmental Engineering

"Best Economic Alternatives" Evaluation

Comprehensive Feasibility Studies

Conservation Plan Development

Construction Planning, Mgmt, QA/QC

Drainage Planning, Grading & Design

Evaluation, Planning & Technical Assistance

Facility Design & Condition Assessment

Geothermal Systems Design

Groundwater Modeling

OWS Planning & Design

Property Condition Report (PCR)

Wastewater & Water Supply

Water Supply/Wastewater (Systems, Planning, Design)

Groundwater Modeling

Site/System/Feasibility Evaluation, Planning & Technical

Assistance

Conservation Plan Development

Comprehensive Feasibility Studies

Remediation/Hydrogeology

Appropriate Alternatives Selection

Contaminant Fate & Transport Computer Modeling

Due Diligence, RI/FS, PCR

Environmental Assessment & Contaminant Source Evaluation

Environmental Audits (Assess Environmental Liability)

Remediation Mgmt Investigation, System Selection/Design

Groundwater Contamination

Hazardous Waste Mgmt

Risk-Based Approach Solutions

Site Closure Reports

UST/AST Mgmt

Geographical Information Systems

Customized GIS Applications, GIS/CAD Integration

Database Development, Conversions, Manual Digitizing
